

WALK-IN

Moda SPACE™

Walk-In
To Simplicity

EXCLUSIVELY FROM

NORBEC™

The new ModaSPACE walk-in and Size-it online configuration tool: flexibility and simplicity.

The **ModaSPACE** walk-in can be customized to your needs, thanks to the many sizes and configurations that are available.

ModaSPACE is more than just a product:

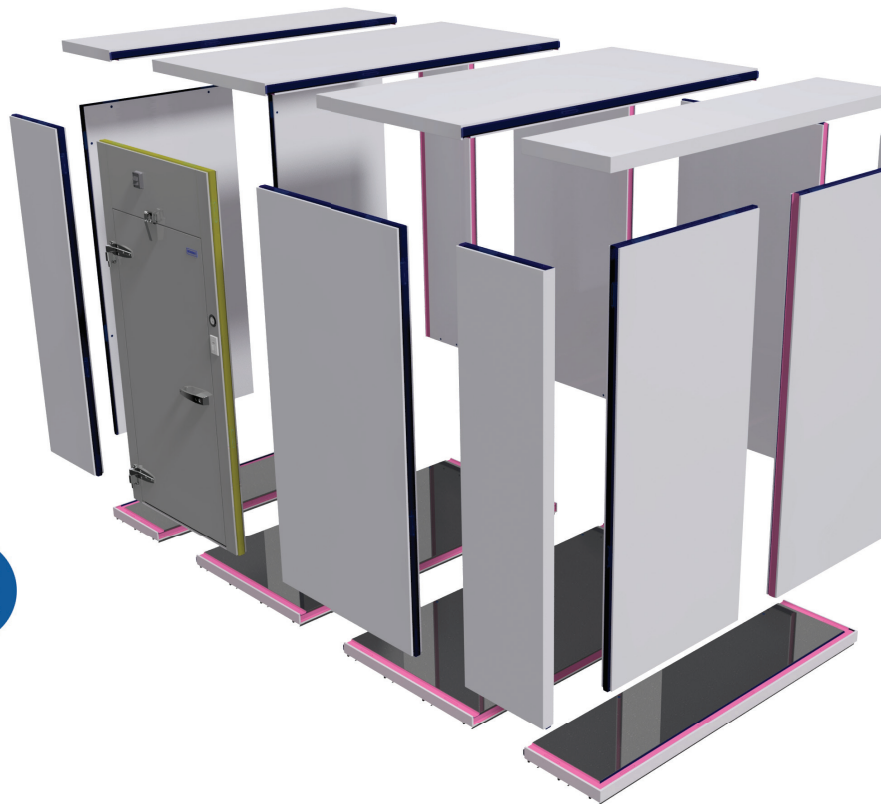

- Camlock panels that are 3 times more flexible than standard product lines currently on the market;
- efficient online configuration tool;
- continuously expanding offering.

NSF APPROVED!

The panel's integrated sealing gasket will reduce installation costs while simplifying walk-in maintenance.

A FAST PROCESS!

Choosing **ModaSPACE** is choosing fast service, from the quoting process to delivery.

BE 100% SELF-SUFFICIENT

100%

Centralized information for seamless, simple and efficient use.

GET YOUR QUOTE IN 10 MINUTES

Design your walk-in in just a few clicks and obtain pricing and configuration immediately! Need help? Our team is always there for you.

The Size-it configuration tool: a digital revolution, for a buying experience that is simple and accessible at all times.

From now on, you're the expert and can better advise the end user, thanks to the information available to you via a simple, user-friendly platform!

DATA CENTRALIZATION

The easy-to-use Size-it feature allows you to create, edit and view your quotes wherever and whenever you want.

EASY TO USE

With our clear and practical configuration tool, designing a walk-in will be a breeze.

INNOVATION

A cutting-edge tool tailored to your needs that will optimize your time and energy.

TRANSPARENCY

Be in control of every step of the configuration and quoting process!

FREEDOM OF CHOICE

You have the freedom to choose from a wide range of options to create the walk-in that best suits your needs.

ALWAYS OPEN

Design your walk-in and obtain your quotes whether you're at the office, with a client, or in the comfort of your home!

ModaSPACE, the standard that takes it to a whole new level!

Unmatched flexibility thanks to 4-inch increments.

Configuring a single walk-in, a combo or several ModaSPACE walk-ins means accessing a world of possibilities! Choose from a wide variety of options to meet the specific needs of your projects.

DIMENSIONS

- 4-inch increments
- Minimum outside width/depth: 5' 4"
- Walk-in heights:
 - 7'6"
 - 8'6"
- Panel thicknesses: 4"
- Door dimensions:
 - 32" x 78"
 - 36" x 78"
- Type of walk-in: Rectangular
- Combination: Up to 4 rooms
- Flexible door positioning

 - 18-gauge galvanized
 - 0.100 aluminum
- Two spring hinges
- Door closer
- Magnetic seal
- Door handle with bar

Refrigeration

Reliable and well-sized, our refrigeration systems save time and money as they ensure energy efficiency and a proper environment for food storage.

DISCOVER THE VARIOUS AVAILABLE SYSTEMS

Conventional indoor, conventional outdoor and Pro-3

INTELLIREFV2

Controller that combines the functions of a thermostat and a defrosting timer with the following available options:

- **LDA option:** Informs stakeholders of the alarm level so they can evaluate its urgency.
- **Data logging:** Automatically records the temperature in intervals that range from 5 minutes to 24 hours.

Optimize your walk-in with these premium options

1809 LED LIGHT

Bright, long-lasting and energy efficient!

This new compact 1809 LED model (18" x 5") emits as much light as an 8" long LED light and has a lifespan of 50,000 hours.

WINDOW

Safety first!

This high-performance window prevents collisions when staff are entering and exiting the walk-in. Keep an eye on what's going on inside and outside!

STRIP CURTAINS

A protective barrier!

A strip curtain reduces cold loss when the door is opened, while meeting the requirements of the various energy codes.

NEXTGRIP ANTI-SLIP FLOOR FINISH

Stability and grip!

With its embossed design, the **NextGrip** finish prevents the risk of falls and injuries and ensures safe passage.

DOOR PEDAL

Safe and hygienic!

A hands-free pedal installed at the bottom of the door provides freedom of movement and limits the spread of bacteria.

INTERIOR AND EXTERIOR PROTECTIVE KICK-PLATES

Durability and strength!

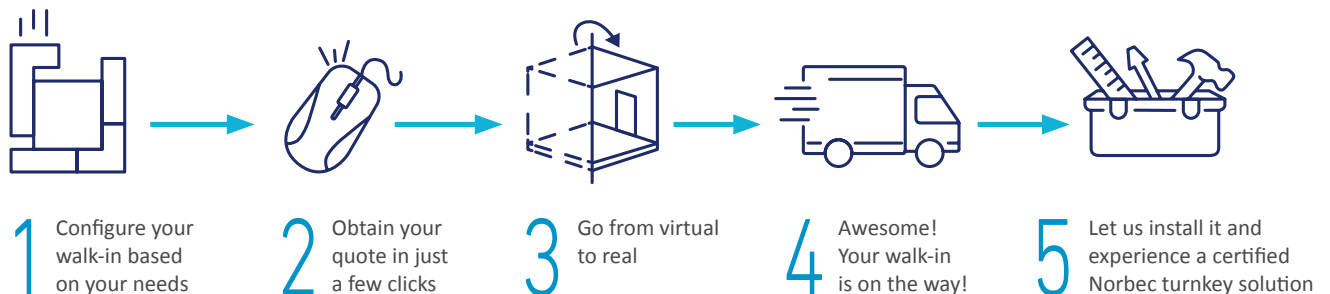

A final touch that extends the doors' service life by protecting against impacts from feet or carts.

A simplified experience: design, choose and receive!

The new configuration tool generates quotes quickly and smoothly: set your dimensions, choose your options and Norbec takes care of the rest! Simple and enjoyable to use, it is available online 365 days a year, 24 hours a day. Your walk-in is now just a click away!

START YOUR SIMPLIFIED EXPERIENCE!

Why should you use our turnkey installation service?

Trust our teams of certified installers! We guarantee professional and fast installation of your walk-in, following the most stringent rules to ensure better performance and durability.

FROM COORDINATION TO IMPLEMENTATION!

The installation service gives you:

- Peace of mind
- Reliability
- Durability
- Performance
