

Insulated metal panel solutions | Walk-in coolers & freezers

CONVENIENCE STORES AND BEER CAVES

Norbec is a one-stop shop for walk-in coolers, freezers and doors as well as accessories, refrigeration and installation.

BENEFIT FROM OUR 40 YEARS OF EXPERTISE IN THE INDUSTRY!

Customized, flexible solutions that provide durable, long-lasting products while considering space and labor optimization as well as energy efficiency.

Norbec's experienced teams are present throughout every step of a project, no matter its complexity.

We make sure to offer you a cost effective and high quality solution.

HIGHLY CUSTOMIZABLE SOLUTION

- > Combination of polyurethane camlock and continuous panels to suit your needs
- > Available in 4" and 5" thickness
- > Height up to 18 ft
- > Water and vapour-proof seal
- > Higher density with better R value

FINISHES

- > Offered in multiple elegant finishes and colours
- > Impervious to water pressure washing and cleaning products
- > Resistant to surface marks and corrosion
- > Standard comes with Silkline White galvanized steel in 26 gauge
- > The White Silkline finish is exclusive to Norbec. It reduces surface variations inherent to thin sheet steel

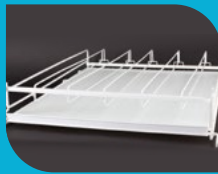

Silkline White Finish

REFRIGERATION

- > Norbec offers a wide variety of reliable refrigeration systems optimizing time, product efficiency and food environments
- > Evaporators can either be conventional or a central installation

ENHANCE THE PRESENTATION OF FOODS AND DRINKS

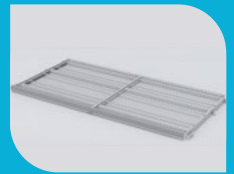

- > LED lighting and lighted sides
- > Gravity flow, stand alone or flex carts shelving
- > Standard offer is 5 shelves of 24" width
- > Wider glass doors available
- > Roll out cart

Gravity flow
